

## REIMBURSEMENTS OVERVIEW AS OF 01/01/2021

### **‘Nationale-Nederlanden Combi’ additional insurance package (model number: 6701531) version 1**

The reimbursements provided by the ‘Nationale-Nederlanden Combi’ additional insurance package are summarised in the Reimbursements Overview below.

This is an additional mixed insurance package. Please refer to clause C.2.2 of the Terms and Conditions of Health Insurance and Additional Insurance Packages.

All reimbursement for healthcare is made on a refund basis except in cases where there is a difference between the reimbursement for healthcare from a contracted healthcare provider and healthcare from a non-contracted healthcare provider — this is in-kind healthcare.

This Reimbursements Overview contains several columns:

- the centre column, ‘Amount reimbursed’, contains amounts, quantities, hours and/or reimbursement periods. These are always the maximum amounts, quantities, hours and/or reimbursement periods. The reimbursement percentages are calculated in accordance with the statutory rates, agreed rates or the market rates applicable in the Netherlands. For more information, please refer to clause A.20.
- there is a number in the last column, ‘Terms and conditions’. This number refers to a clause in the Terms and Conditions of Health Insurance. This clause specifies the terms and conditions which you need to meet in order to receive the reimbursement in question.
